# VELUX fixed flat-roof window CFP U

## Glazing 73UT

0°-15°

An easy and effective way to bring daylight into rooms with little or no natural light, the fixed base unit CFP U transforms any space from dark and dull to bright and beautiful. ThermoTechnology™ insulation and energy-efficient double-glazing keep your home warm and increase your indoor comfort. Compatible with all VELUX flat-roof top units.

- Add direct daylight through your flat roof to rooms with low levels of natural light.
- Conveniently control blinds and accessories (add-ons) with the touch of a button.
- Benefit from the extra energy-efficiency of the double-glazed glazing.
- Laminated security glazing for extra safety ensures the glass will not splinter in the event of breakage.
- Tilted interior frame design increases the amount of daylight that enters your room.
- A wide range of standard sizes makes it easy to find the window that best fits your room.
- The maintenance-free white PVC base unit reflects more natural light to brighten your room.
