VELUX INTEGRA® electric flat-roof window CVP

Glazing 73UT

0°-15°

Add natural light and remote-controlled ventilation to your home with a VELUX INTEGRA® mains-powered base unit CVP U. ThermoTechnology™ insulation and double-glazing increase your indoor comfort and help keep your home warm. A rain sensor automatically closes the window if it rains for additional peace of mind. Compatible with all VELUX flat-roof window top units.

- Compatible with VELUX ACTIVE with NETATMO automatic indoor climate control for a healthier home, including smartphone and voice control.
- Easily open your VELUX INTEGRA® electric flat-roof window for fast access to fresh, outside air.
- The wall switch is pre-paired to work with your window right out of the box.
- Integrated rain sensor automatically closes your VELUX INTEGRA® electric flat-roof window in the event of rain.
- Large 142 mm ventilation area lets you air out quickly and easily with the touch of a button.
- Conveniently control blinds and accessories (add-ons) with the touch of a button.
- Laminated security glazing for extra safety ensures the glass will not splinter in the event of breakage.
